Handwriting sheet · 1 of 4 · lowercase

One letter per box. Sit it on the darker baseline. Write it the way you normally write. Medium pen, black.

Handwriting sheet · 2 of 4 · capitals and numbers

Same idea: one per box, on the baseline. Capitals reach the top line.

Handwriting sheet · 3 of 4 · accents and symbols

For Portuguese, Spanish and French words, and the little marks.

Handwriting sheet · 4 of 4 · words and doodles

Write each line naturally, like in your journal. These get used as they are, not as a font.
